

# From Anger to Action

12 Units campaigns for a more just system

Here are 12 Local and State Level campaigns that we can launch RIGHT NOW to move from Anger to Action. After the uprisings here is a list of initial reforms we should ALL be working towards...

- 1 - Units should identify if their local municipalities have standing Citizen's Review Boards – (Review not Advisory), with subpoena Power. If not, they should identify what accountability structures their municipalities have in place.
- 2 - Units should Review of their Police Department's Use of Force Continuum and ensure that they have at least 6 Points, with clear rules on escalation.
- 3 - Units should demand that Police Departments ban the use of Knee Holds as acceptable in Use of Force Continuums
- 4 - Units should call for the elimination and ban of "No knock warrants"
- 5 - Units should review of their State's Open Records Acts to determine if Officer misconduct information and disciplinary histories are shielded from the public
- 6 - Units should review of their Police Department's record of disciplining or charging Officers charged with Misconduct
- 7 - Units should Demand a Statewide review board for Police officers who use deadly force - this should be tied to re-certification credentials
- 8 - Units should Determine when your District Attorney will be up for Election
- 9 - Develop a Civic Engagement strategy to elect District Attorneys that share our concerns
- 10 - Units should work within their respective communities to develop "Grow your own Candidate" and "Grow your own Police Officer" pipeline campaigns
- 11 - Call for the full funding of Community Based Policing initiatives
- 12 - Call for the full funding of the DOJ Community Relations Service

Stay safe everybody - Peace and Power – Join the West Volusia NAACP as we tackle these challenges!! [www.westvolusiaaACP.org](http://www.westvolusiaaACP.org) (386) 736-0180
